## For November voting

## Mail ballots ready

By ELLIS CUEVAS  
Henry Otis, Hancock Circuit Court Clerk, reports his office is prepared to receive applications from persons who wish to vote absentee by mail for the November 4 General Election.

Otis noted that absentee voting in his office is only allowed by law from within 10 to 2 days before an election.

Otis said, "Persons qualified to vote absentee can have a ballot mailed to them by notifying my office."

Transient workers to qualify must have a bona fide job which will place them more than 50 miles from their voting precinct on election day. An affidavit has to be furnished in order to receive an absentee ballot by all except service personnel, Otis said.

"Military personnel can pick up a card from their voting officer to request issuance of an absentee ballot," Otis commented.

Persons qualified to vote absentee are service personnel and their spouses, persons ill at home under a doctor's care, in hospitals, nursing homes and students and faculty of schools or

colleges and transient workers. Absentee ballots by mail must arrive before noon the day before the election or be delivered in person no later than Saturday noon before an election, the circuit clerk emphasized.

In order for persons qualifying to be able to vote absentee, Otis said his office will remain open until noon Saturday, Oct. 25 and Nov. 1. The

regular office hours are 8-12 and 1-5, Monday through Friday.

"Every election we have people coming in and wanting to vote absentee because they will be on vacation election day. The law does not allow such a person the right to vote absentee in Mississippi," Otis stated.

Otis requested any person having any questions in regards to voting call his office at 467-5265.

## Local unemployment at eight-month low

By WAYNE DUCOMB JR.  
Hancock County's unemployment rate recently dropped to its lowest point in eight months.

Current Mississippi State Employment Service figures show the county with a 5.3 percent jobless figure for August which is well below state and national rates.

The local rate is six-tenths percent below July's figures and is 1.3 percent lower than the January rate.

Out of a local civilian labor force of 7,200 some 380 people are unemployed in the county.

Mississippi's unemployment rate dropped to 7.4 percent in August, a decrease of six-tenths percentage points compared to July's 8.0 percent jobless rate.

Last year's August unemployment rate was 5.5 percent. The 7.4 percent state figure was lower than a national rate of 7.5 for August.

Mississippi Employment Security Commission figures showed 75,800 unemployed and 953,200 employed out of a civilian labor force of 1,029,100. Acting Commission Director O.H. Simmons said, "The Initial Unemployment Insurance Claims totaled 17,469 for August."

The counties having the highest unemployment rate were Tate with a rate of 17.8, Jefferson with a rate of 18.2 and Greene with a rate of 14.2.

Issaquena, Franklin, Oktibbeha, Yalobusha, and Rankin counties had the lowest jobless rates for August. Issaquena had a rate of 4.5, Franklin, Oktibbeha, and Yalobusha had a rate of 4.4 and Rankin had an unemployment rate of 3.5.

"Some 28 counties showed an unemployment rate increase for August while four remained the same. Some 50 counties had decreases in the unemployment rate for August," Simmons reported.

## Waveland budget nears \$3.5 million

By WAYNE DUCOMB JR.

The City of Waveland will spend some \$1.4 million on federally supported special projects, provide more than \$1 million for eight regular funds, and administer \$907,100 in sewer, water and gas services to comprise a total 1980-1981 budget approaching \$3.5 million.

City Clerk Barbara Rappold said Friday, "Each city employee will receive a \$25 per month raise which will be \$300 more per year."

Rappold stated her office of some 12 employees, the city tax office personnel and maintenance crews would all receive raises plus hospitalization and life insurance benefits effective Nov. 1.

However, the police department's budget was decreased from \$161,740 last year to \$153,140.

The city clerk said the law enforcement budget was decreased because, "The police department went over its budget last year. They bought a National Crime Information Center computer and several other items."

Waveland's federal revenue sharing funds were reduced from \$82,358 last year to \$18,048.

Rappold said the federal funds are usually spent on capital items such as police cars, fire trucks and heavy equipment, and paving work.

"We're in pretty good shape right now with our cars and equipment, but with the reduced revenue sharing funds we won't be able to purchase as many pieces of new equipment or pave as many streets as we'd like to," Rappold explained.

The city clerk said the reduced funds would also scrap the city's plans to purchase a computer to facilitate bookkeeping for water, sewer, trash and gas billing.

A budget recommendation recently approved by the city's Board of Aldermen lists \$1,035,450 in proposed expenditures under the eight separate funds which include:

- General fund at \$822,641;
- Library fund at \$13,104;
- Fire protection fund at \$12,300;
- Recreation fund at \$19,250;
- Revenue sharing fund at \$18,048;
- City bond and interest fund at \$56,438;

—State loan retirement fund at \$67,274;

—Sewer general obligation bond and interest fund at \$16,385.

The city's sewer system was allotted \$223,022, and water and gas system will spend \$384,076.

The water and gas system budget provides appropriations of \$10,000 to the sewer system and \$190,000 to the general fund.

Included in the special federally-funded projects are a water systems improvement grant from the Farmer's Home Association totalling \$330,000 and expenditure of some \$500,000 of a \$998,000 U.S. Department of Housing and Urban Development grant for the Middletown Rehabilitation Project already underway.

The budget was submitted by the Bay St. Louis accounting firm Moore and Powell Certified Public Accountants and states in a cover letter, "The format and content is not in accordance with generally accepted accounting principles, and accordingly, the accompanying budgets are not intended to present financial position or results of operations in accordance with generally accepted accounting principles."

Rappold said the accountant's statement merely clarifies the budget as a recommendation and not an audit.

## Library Friends

### plan meeting

### to reorganize

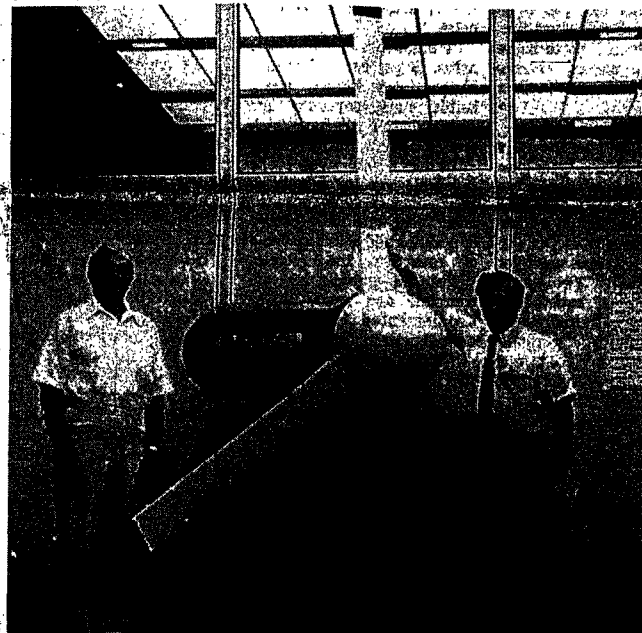

By JOE PILET  
Friends of the Hancock County Library System will attempt to reorganize at a 2 p.m. meeting Thursday at the City-County Branch on US-90 in Bay St. Louis.

"We hope to attract a representative number of library friends from all areas of the county to this meeting," said Mrs. Orin Pilkey, meeting coordinator.

The Waveland and Kiln Libraries as well as the Bay St. Louis Library are part of this system and every effort will be made to include members from each area in program and policy making issues, Mrs. Pilkey added.

Prima Wusnack, Director of Hancock County Library System, is scheduled to appear early in the program and will give a resume of what Friends of the Library can do toward improving the system.

She will review briefly the history of the library, Mrs. Pilkey said.

DeBeyer, left, and Ward Two City Councilman James Thriftley. The windmill is one of two to be placed on 90-foot towers at Bay Senior High School which will generate 110-volt electricity for a portion of the facility. Both windmills are painted with the school's colors, blue and gold. The windmills are two of five to be placed throughout the city to supply power for city installations. Thriftley expects the energy-saving devices to be in operation by the end of this month. The councilman obtained a U.S. Department of Energy grant for the city to purchase the devices. ## Marketing specialist offers grocery cost savings advice

"Stretching food dollars in these times of rising food costs is a challenge," the Mississippi Cooperative Extension Service cites.

Careful shopping can mean a better-fed family and substantial savings, says Ann O. Rushing, Mississippi Cooperative Extension Service marketing specialist.

"There are usually more expensive and less expensive ways to buy almost any food," she notes.

For example, we can buy chicken or ground turkey instead of beef roast or steak, and use non-fat dry milk instead of fresh milk. Carrots usually cost less than broccoli. Bread is much less expensive than fancy rolls, Rushing explains.

"There is no department in the store where know-how counts more than in the meat department," she says.

"About one-third of the food budget is spent on meat, including poultry and seafood. If you spend more than that, you may be sighting one of the other basic food groups or concentrating too much on the more expensive cuts of meat," Rushing states.

"Figure cost per serving. It is not the price per pound, but the price per serving that counts. If flank steak is \$2 a pound, it is still a better buy than short ribs at 69 cents a pound. You will get four servings at 50 cents each from the flank steak, but only about one serving from the short ribs at 69 cents," she cites.

Rushing says an easy rule of

thumb for figuring servings per pound is - boneless meat yields four servings per pound. Ground meat, flank steak, stew meat, liver, boneless ham and fish fillets are all in this category.

"Bone-in meat, such as roasts, steaks and poultry, gives two to three servings per pound."

"Meat with substantial fat and bone provides only one to two servings per pound. It includes spare ribs, short ribs, breast of lamb, porterhouse and T-bone steaks, chicken wings and rib chops of lamb or pork."

"Often meat servings are larger than necessary for good nutrition. Three ounces of cooked lean meat is the most common definition of a meat serving. The size of the serving really depends upon you and your family. Two ounces is probably a satisfactory amount for small children and many elderly persons. Teenagers may eat considerably more than three ounces," Rushing reports.

"Buy the specials. Except in time of extreme scarcity, meat is usually on special regularly and the savings are considerable. If you have a freezer and enough grocery money, you can buy enough for later use," she advises.

"Use the less tender and less demanded cuts. Only about one-fourth of the carcass ends up as tender cuts, and these tender steaks and roasts get the highest prices. The remaining three-

fourths of the carcass is less tender, usually lower priced, just as nutritious, but requires more time and ingenuity from the cook," Rushing says.

"Long slow cooking in a covered container can make any cut of meat tender," she says.

"Seasonings such as onion, celery, carrots and various herbs add extra flavor. A little wine can add a nice touch," the marketing specialist notes.

"Remember meat alternates. Eggs, cheese, cottage cheese, dry beans, peas, lentils, nuts, soybeans and peanut butter all have high protein content, Rushing cites.

"When you use the vegetable proteins & nuts as meat alternates, be sure to serve them with milk, cheese or perhaps add small amounts of meat to the recipes. Vegetable protein is incomplete and needs to be supplemented with some animal protein," she explains. "Don't overlook variety meats. Beef liver is a bargain both from the nutritional and cost standpoint. Heart and tongue are also nutritious and add variety to menus," Rushing adds.

## Board warns of mushroom dangers

When can a foodstuff that's high in potassium, phosphorus, niacin, and fiber plus low in calories, carbohydrates, and fat be harmful to human health?

When the foodstuff is a poisonous mushroom.

Compared to the number of mushroom species known, the poisonous ones are few. But the deadliness of some of the toxic types becomes a public health concern when people indiscriminately harvest and consume the fungi.

Mushrooms, used in certain areas of the world as an intoxicant or hallucinogenic material, are difficult to identify. Poisonous and prized edible species frequently exist

side by side. Even the experts do not agree completely on which types are "safe" and which aren't.

Many mushroom types are cultivated commercially and marketed as a popular menu item. But with clear disagreement on the toxicity of certain types and reports of random harvesting, public health officials warn Mississippians of possible mushroom poisoning.

"The problem becomes particularly acute when the mushrooms come from an area that has been sprayed with herbicides or pesticides," said Dr. Durward Blakey, chief of the Bureau of Disease Control, State Board

of Health. "The result could be severe chemical poisoning."

"That's why the government closely monitors foodstuffs that might be accidentally or intentionally contaminated," he said. "The permissible use of pesticides and herbicides near foodstuffs is quite low; that's to protect the public health."

By MAY BEYER  
RSVP VOLUNTEER  
Theresa James, of Clermont Harbor, Retired Senior Volunteer Program director from Hancock County and 13 other RSVP directors from throughout the South meet with ACTION regional training officers and the Southern Gerontological Society coordinator this week in Atlanta to plan a February conference.

James represented Mississippi at the three-day conference which ended yesterday.

"This innovative project will combine the academic expertise of the Southern Gerontological Society with the practical experience of people who manage older volunteer programs."

The program has been funded by ACTION," said U.S.

Senator Lawton Chiles, chairman of the Senate Special Committee on Aging, in Washington.

"This project is a fine example of what can be gained when organizations with a variety of expertise combine forces. The training program and materials that will be developed will undoubtedly do much to further improve the effectiveness of our highly-praised older volunteer programs," he noted.

The seven-month project, in which SGS will work with directors of Senior Companion, Retired Senior Volunteer and Foster Grandparent Programs will culminate in a three-day intensive training program on older adult volunteerism.

Scheduled for February, 1981 in Atlanta, the intensive training program will be part of SGS's annual meeting. The program will be supplemented with manuals developed for use in the field by volunteer program directors, as well as by public and private organizations, agencies and institutions.

PVT. S.L. MILES  
Marine Pvt. Stephen L. Miles, son of Joel S. and Cheryl W. Miles of 4 Riverside Drive, Bay St. Louis, has completed recruit training at the Marine Corps Recruit Depot, Parris Island, S.C.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

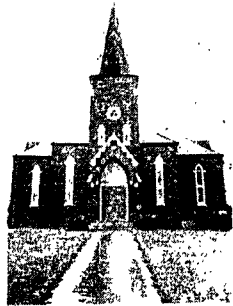

A 1980 graduate of Bay St. Louis Senior High School, he joined the Marine Corps in December 1979.

## Graduate nursing program offered

The National Institute of Mental Health recently awarded the University of Southern Mississippi School of Nursing two grants to offer mental health nursing and cross-cultural mental health nursing in the existing graduate program.

Graduate nursing students who will enroll in the new area of mental health nursing will receive the Master of Science degree from USM after completion of the one-year program.

Application is made through the student's choice of role, either nursing administration or nursing education.

The mental health curriculum will emphasize theoretical and research knowledge necessary for nurses in the mental health field.

Another program made possible through the NIMH grant is the Cross-Cultural Mental Health Nursing for graduate students. Studies in is 'turf' pest?

Peat is found mostly in damp climates. The Irish, who dig and use it extensively for fuel, call it "turf."

this subspecialized area of graduate study will focus on preparing mental health nurses with a broad range of skills to practice nursing in unserved or underserved areas.

Cross-Cultural Nursing will be offered in conjunction with the graduate, mental health nursing specialty of the USM School of Nursing.

Completion of this one-year program, leads to the MS degree.

Dr. Jerri Laube, professor and assistant dean for academic affairs in the School of Nursing, will direct the projects.

## Bits 'n pieces

Wednesday will be the day that J.D. (Big John) Rutherford will be wanting your blood. We know many of us have not seen Big John lately, but he has been busy at work this week getting everything lined up for the blood drawing.

The last blood drawing netted over 150 units and again this time there is a need of 150 units and Big John said he hopes everyone will come out and participate in this very worthy cause.

We never know when we may be the one in need of blood, because accidents are happening every day.

There are many folks who have given 40 and even 50 units over the years, and it has not hurt them one bit.

The many volunteers, such as our local doctors, nurses and persons interested in our welfare, should all be commended for their dedication.

The faithful givers of blood are very important, and they are considered as very important persons by us.

We hope to see you at the blood drawing Wednesday, American Legion Home, Blue Meadow Road, Bay St. Louis from 2 to 8 p.m.

The Beach road continues to be a thorn in the side of us trying to travel it.

There still seems to be a grey area as to with whom the responsibility lies of repairing the damaged sections.

Every now and then we hear someone mention how we pay a seawall tax which has been transferred to the Port and Harbor Commission.

The extra tax residents pay for has could be reduced and the funds used for shocks, front end alignments, lost mufflers and blown tires because of the sorry condition of Beach Boulevard. Someone mentioned the fact that my mule solution to the travel hazards on Beach Boulevard seems to be coming closer to reality.

Today is the last day of the big Gumbo Festival at Necaise Crossing.

Some big shows in addition to hundreds of gallons of gumbo are still on hand for those visiting today.

See you at the gumbo festival.

## Gun Safety Rules Urged for Hunting

The fall hunting season is at hand once again. Hundreds of thousands of Americans are taking to the fields and woods this fall in search of game.

The American Medical Association reminds hunters once again that guns can kill. The paramount safety rule for the hunter is a simple one — before you pull the trigger, know what you're firing at.

Sporting arms, from a single-shot .22 calibre rifle to a heavy big game weapon to a fast-shooting automatic scattergun, are designed to kill birds and animals. They also can kill or wound humans.

Each fall some hunters return from fall outings via hearse. Others return with a load of bird shot or a rifle bullet to be dug out. Behind almost every hunting accident is one cause: carelessness. The hunter who blazes away at everything that

moves runs a big risk of bagging a fellow hunter.

Never cross over or through a fence or climb a tree with a loaded gun. It might fall and discharge. Unload first and reload after crossing. Don't shoot at a hard, flat surface. Ricocheting bullets can carry long distances with killing power.

Keep guns away from children. Never leave a weapon unattended without unloading it. Store guns and ammunition beyond reach of youngsters, preferably under lock and key.

Always carry a gun so that you can control the direction of the muzzle even if you stumble. Keep the safety catch on until ready to shoot. Always be sure the barrel is clear. A barrel clogged with mud or snow may burst.

Guns and alcohol don't mix. If you like a nip around camp, wait until you're through hunting for the day, and all weapons are unloaded and cased.

Even a small-bore rifle has considerable range. Know where your bullet will stop before pulling the trigger. Treat guns with respect at all times. They may be loaded, despite all precautions. Thus never point a weapon at something unless you plan to shoot it.

### Hancock Blood Bank chairman issues donations appeal

October, 1980  
Dear Friends,  
The Hancock County Blood Bank will have its regular drawing on Wednesday, October 8, from 2 p.m. until 8 p.m. at the American Legion Home.

As is usually the case at each drawing time, and more particularly this one since the previous drawing was off, our blood supply is critically low.

We know you fully understand the importance to the life and health of our community to have blood available at all times, and we need your help.

Will you please assist by requesting your members or employees, members of their families and friends who are physically able, between the ages of 18 and 60, male and female, to come in Wednesday afternoon, Oct. 8, and donate a pint of blood?

Please read this at your next meeting, post it on your bulletin board, or publish it in any bulletins mailed before the Blood Drawing.

Your assistance in any way at your command to make this blood drawing a success will be deeply appreciated.

Sincerely,  
John D. Rutherford, Jr.  
Chairman  
Hancock County Blood Bank

### Elderly couple's home rebuilding drive continues

We want to thank those interested and concerned citizens for their advice, physical, and financial assistance in

our efforts to assist Mr. and Mrs. Willie Dunklin rebuild their home.

Some of the items donated include cement blocks, insulation, lumber, wire, windows, and doors.

We also received expert technical assistance and needed advice on the construction of the project, including electrical wiring installation.

We continue to need support for this project in the way of money or blocks. An account has been established at the Hancock Bank for this worthy cause. Please send any donations to the Willie Dunklin Fund if you wish to help.

For any additional information, call me at 467-9586. Thanks Hancock County for caring and being concerned!!!

Sincerely,

### Convenience store employee commends

#### Bay police

Sept. 28, 1980  
Dear Mayor Bennett,

We employees at LLI General Convenience Store on US-90, wish to extend our heartfelt thanks for the prompt manner in which the Bay St. Louis Police Department handled a very dangerous situation at our store recently.

We feel you have organized a fine police force.

## The Bottom Line

Candid Answers To Your Questions About Advertising and Business Topics.

By S. GALE DENLEY  
Associate Professor of Journalism  
University of Mississippi

From a recent article you did, I gather that you think a company's advertising should be changed from time to time. But, what if you have a good thing going? I have.

Dear IH: I think if you look again, you'll find the advice was to keep your ad thrust under constant review.

Changes should be effected only when and if you feel your market share is suffering, or if you feel the nature of your business is changing.

But the weight of evidence now available indicates that consistency and continuity is beneficial to the advertiser.

A while back, Columnist Harry Wayne McMahan in ADVERTISING AGE said he found in tracing the case histories of 120 advertising "money-makers" that 75 per cent had a continuing central character.

He cited: Marlboro. One basic campaign. Moving slowly, surely to No. 1 around the world. Yet in those countries where a different campaign was used... almost nothing.

"Polaroid." "Star" demonstrations year after year.

"Palmolive" dishwashing liquid. Made the Manicurist, 14 years, top "advertiser."

Times: John Cameron Swayze for 24 years. Memorable "torture" tests; Kellogg's "Tony the Tiger" for 24 years, and then a Tony, Jr.

"The evidence kept mounting," he wrote, "You gotta stay with it." Using a central star or character made it easier to resist change, he noted, "but you gotta quit changing so much."

While his study was of a different kind of ads than those we are concerned with here, the basic principle is the same.

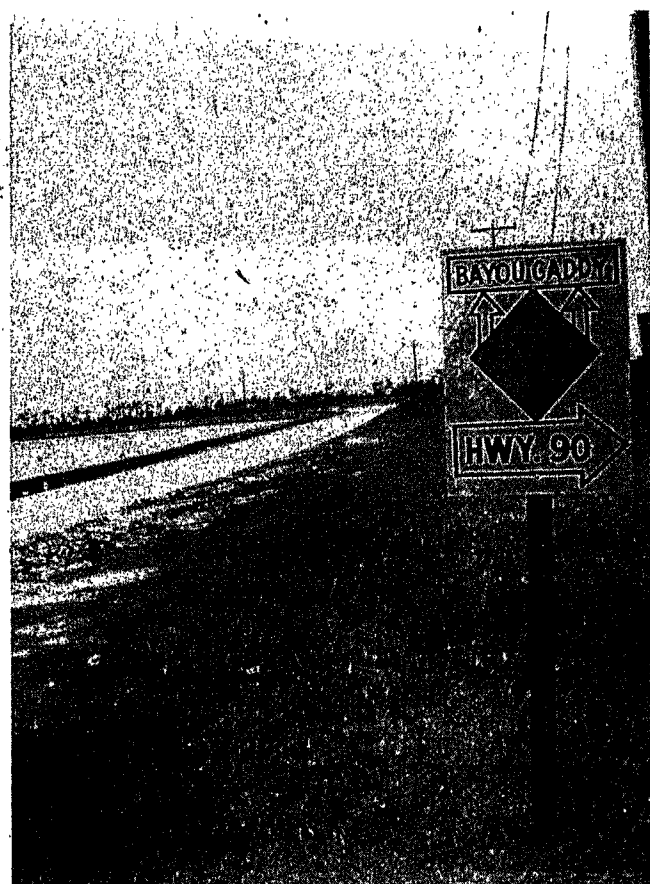

Ads should project a consistent image, with a recognizable style and approach to get optimum results.

This uniformly makes for instant recognition of your ads. Quite frequently cited is the story about a large department store whose ad format and appearance was so recognizable, that when their name was inadvertently left out, the merchandise was sold out anyway.

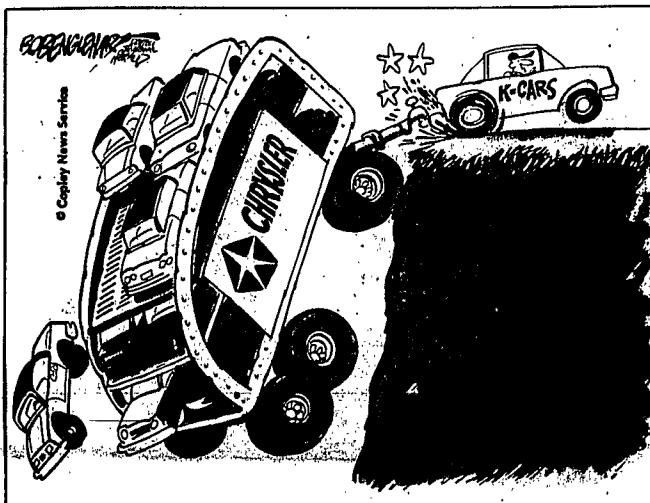

So, thank you for allowing the issue to be clarified. Certainly the previous column to which you referred did not advocate sudden and frequent changes in advertising approach.

A proprietor must first determine the course of his business, and then see to it that the entire effort, including ads, supports the effort.

AN IMPORTANT SIGN—Many a motorist has found himself at a dead end on the southern tip of Beach Road, starting into Bayou Cadet, as he tried to reach the turn-off to US-90. We feel the recent erection of this sign is an important move toward remedying a troublesome situation in which many visitors to Buccannier State Park found themselves hard pressed to turn around at the end of the road in large campers. Others, not necessarily visitors, have ended up in the bayou.

## Senator Thad Cochran

SPECIAL REPORT:

### Veterans Legislation

Legislation affecting veterans and programs benefiting veterans have been the focus of recent activity in Congress.

The Senate has passed the Disabled Veterans Rehabilitation Act of 1980, which should be approved soon in the House and signed into law by the President.

This Senate bill contains provisions involving rehabilitation and education benefits for disabled veterans as well as eligibility and priority of VA programs for these veterans and their survivors or dependents.

The overall purpose of our Senate bill is to improve and modernize the vocational rehabilitation program for disabled veterans who served our nation during times of war and national emergency.

Also, this legislation will provide a 10 percent cost of living adjustment for those who are training under the GI bill, vocational rehabilitation, and survivors' and dependents' educational assistance programs. It modifies the GI bill's on-the-job training program and creates an outreach

for the training and employment of disabled veterans.

Other veterans-related legislation being considered by Congress includes bills improving the GI bill and increasing the compensation for service-connected disabled veterans.

The Senate Veterans Affairs Committee is nearing final action on a bill to increase by 13 to 14 percent compensation benefits for those who are disabled as a result of their services in the armed forces.

I have joined with Senator Strom Thurmond and others in sponsoring a new GI bill for educational assistance for our veterans and military personnel.

Recent Senate hearings, by both the Armed Services and Veterans Affairs Committees, indicate that improved educational programs would be very helpful in the recruiting and retention efforts of all branches of our armed forces. With evidence continuing to increase our concern over the competence of armed services personnel, the need for such incentives for

recruiting purposes are obvious.

The new GI bill would provide an educational allowance of \$400 per month for up to 36 months for full-time students. To be eligible one would have to serve two years active duty or four years in the Selected Reserve.

In addition, the bill provides for transfer of entitlements to dependents after eight years' active duty service, and allows a ten-year period after discharge within which to complete an educational program. Our bill also extends, for four years the 1989 deadline for certain persons who are eligible under the "old" GI bill for educational benefits.

This legislation will help those deserving veterans who want to improve their skills and opportunities for more challenging jobs, and it will assist in strengthening our national defense capability and preparedness through more attractive incentives for both active duty and reserve personnel.

## St. Stanislaus win 9-6

# Rocks nip Hawks in barn-burner

By Randy Ponder  
The St. Stanislaus Rock-A-Chaws scraped out a hard fought 9-6 victory over the Hancock North Central Hawks Friday night in a nail biting, white knuckle, homecoming contest that wasn't decided until the final play of the football game.

"It was a close one. We're happy to win," an obviously relieved Barry Jones stated after the game. "It was an exciting game for the fans, but it was too close for me," the Rock-A-Chaw coach added. An overflow crowd watched the emotion filled game that saw tempers flare several times. The Bay St. Louis night was clear and cool; perfect football weather.

The Rock-A-Chaws relieved to start the game. A fumble stopped their first drive on the Hawk's 46.

Shannon Lyons made the fumble recovery for Hancock, and the Hawks were in business with good field position.

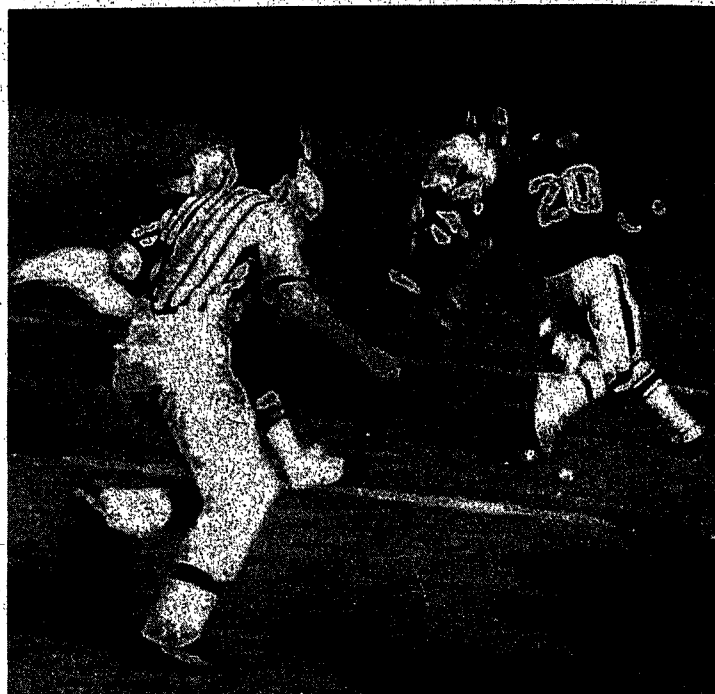

Quarterback Bobby DeVaughn moved his team to the Rock 16 before the drive faltered and the Hawks turned the ball over on downs.

During this drive, DeVaughn faked a handoff that fooled almost everyone, including the officials.

The referees thought the ball was run to the middle and when the apparent ball carrier was tackled, they whistled the play dead. However, the actual ball carrier ran to the outside and was stopped for a 5 yard loss. The confused officials ruled no play and the down was replayed.

With possession of the pigskin deep in their own territory, the Rocks moved out to a first down at the 41. The determined running of Mike Hourin accounted for most of the yardage.

Several costly penalties

moved the ball back and the Rocks were forced to punt from the 15.

The Hawks were unable to move and kicked the ball away. It took a Hawk roll and ended up at the 17 of St. Stanislaus.

Hancock North Central got the ball back four plays later as their defensive unit dug in and forced the Rocks to punt. A 13 yard punt by Lloyd Henry put the ball in play at the 37.

Again the Rock-A-Chaw's 'graveyard defense' was up to the occasion, regaining

possession of the football on downs.

Mike Prendergast and George Cocoran combined to sack the Hawks quarterback for a five yard loss on a fourth down play.

The first half ended scoreless.

Festivities at halftime included the presentation of the homecoming queen (and her court, Anthony Trippani, president of the St. Stanislaus Club, presented queen Jennifer Caldwell with a bouquet of roses at midfield. Both bands performed.

All the scoring in the contest

occured in the third stanza. St. Stanislaus struck first with a 38 yard field goal by Juan Betanzos.

Following the kick, the Hawks were shackled by the Rock's defensive unit. Lee Klein sacked quarterback Bobby DeVaughn to force a punting situation.

The kick was short and the Rock-A-Chaws had control at the 23 of Hancock North Central.

A couple of plays later, a personal foul against the Hawks moved the football half the distance to the goal and

resulted in the eviction of a Hawk player.

On the next play, Rock's quarterback Joe Gex handed the ball to Mike Hourin for a seven yard touchdown run. The PAT was wide to the right and at the 4:44 mark of the third quarter, the Rocks led 9-0.

Hancock North Central came right back on the ensuing kickoff. A facemask penalty on the run back gave the Hawks the ball at the 34.

DeVaughn pitched the ball to Lloyd Henry for a 17 yard gain. Two plays later another penalty against the Rock-A-Chaws moved the ball to the 20.

An eighteen yard touchdown strike from DeVaughn to Harry Henry put the Hawks back in the ballgame.

Lloyd Henry's two point conversion attempt was stopped short of the goal by Mike Prendergast.

Early in the fourth quarter the Hawks moved to the Rock's 23 before a fourth down gamble failed when Lee Klein tackled Lloyd Henry for a five yard loss.

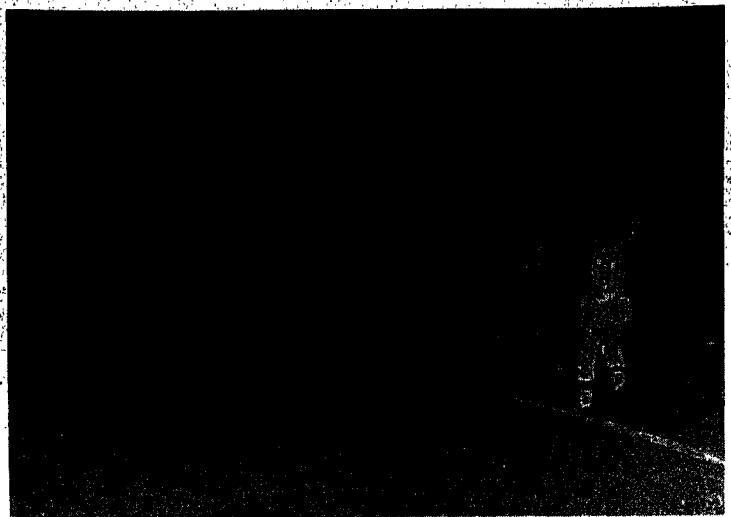

St. Stanislaus took the ball and marched steadily down field. Mike Hourin picked up one first down with a 15 yard run around end. Quarterback Joe Gex, facing third and eleven elected to keep the football and picked up another first down. Two plays later, with another third down situation Gex again rushed for the first down, breaking several tackles along the way.

On the very next play an attempted pitch out by Gex as he was being tackled resulted in a turn over.

Glen Meranto scooped up the loose football and galloped to the Rock's 23 before he was pulled down from behind.

Lloyd Henry was hit hard by Joe Church on the next play. The ball bounced loose and

resulted in the eviction of a Hawk player.

TOUCHDOWN!!!—Harry Henry bulls his way in for the score after hauling in quarterback Bobby DeVaughn's pass. A two point conversion attempt was stopped when Mike Prendergast tackled Lloyd Henry short of the goal line. (Staff photo-Randy Ponder)

Lee Klein recovered for the Rocks.

St. Stanislaus couldn't move against the stingy Hawk defense and had to punt the ball. With 23 seconds left in the game and the ball at their 44, Hancock still had a chance to win the game.

A pass attempt from DeVaughn to Harry Henry was broken up and almost intercepted by Marc Meyer, stopping the clock with 17 seconds remaining.

On the next play, Lee Klein sacked quarterback DeVaughn but the Rocks were guilty of piling on.

The Hawks last desperation play resulted in another quarterback sack.

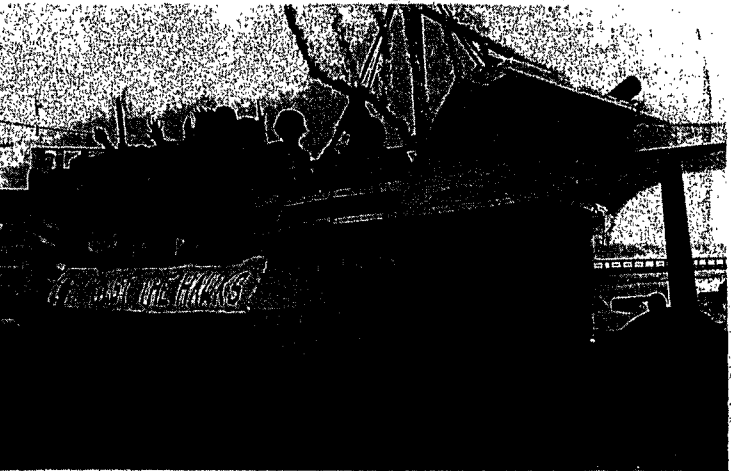

"I'm sure it was a great spectator game," Hawk's head coach Irvin Favre stated following the game. "We played a good game. It could have gone either way. Our defense did a fine job. We stopped their passing game and the run up the middle," Favre added.

St. Stanislaus had 212 total yards of offense, Hancock had 81. The Rocks picked up 11 first downs, the Hawks got 6. Nine penalties were assessed against St. Stanislaus for 80 yards. Hancock North Central

had only 3 penalties for 20 yards.

"We kept them under a hundred yards for the night," Rock-A-Chaw head coach Barry Jones commented. "Anytime that happens you know the defense had a good game. The Hawk's defense gave us problems all night. They have a fine team. It took us a while to get on track," Jones added.

Hawk's coach Favre stated, "We had several opportunities to score, but just couldn't get in. We don't have a field goal kicker like Betanzos. We had to go on fourth down plays instead of trying the field goal and it cost us."

## Dubious penalties cited

# Tigers defeated by Warriors, 14-28

By WAYNE DUCOMB JR.  
The Bay Senior High School Tigers' varsity football team was defeated by the d'Iberville High School Warriors Friday night—in Harrison County, 14-28.

Although Bay High lost the contest, some 100 local fans at the game witnessed the best Tiger football performance of the season.

The Warriors fielded a monster team of some 40

players against Bay High's remaining 28 battered Spartans.

Some five Tigers have been sidelined due to injuries sustained in previous contests and several key players played Friday night with minor injuries.

The Tigers might have narrowed the score difference, but three apparently unjustified penalties at the end of the second quarter and

at the beginning of the second half stifled a third quarter comeback by Bay High.

In fact, the three calls brought jeers from Tiger fans, the team and coaching staff.

Tiger Head Coach James (Snuffy) Smith explained, "I was very dissatisfied with the referees' calls. I felt we didn't get justification for the penalties."

Otherwise, Bay High's defensive line hung-in tough

all night sacking d'Iberville ball carriers several times.

Regular Tiger Running Back David Palmisano made his debut as alternating field general with first string

Quarterback Steve Seymour. Palmisano led the Tiger rushing attack with Seymour serving up a few of his bullet passes to receivers.

Tackle Richard Dickinson also made a credible premier performance as kicker-punter

substituting for injured first string boot Van Fayard.

Palmisano was opening quarterback, but couldn't lead the Tigers past the 50 yard line.

The Warriors gained possession, working their way down field with a variety of running plays with Quarterback Jeff Gehrman and Fullback David Russell.

On about the six inch line Gehrman ran a quarterback keeper up the middle for the first touchdown of the game with one minute and 30 seconds left in the first quarter.

d'Iberville Running Back Choe Hoglen kicked the extra point upping the score to 7-0.

Bay High immediately sprung into action with a 100-yard kickoff return by Wingback Stephen Hargett. But the Tigers bungled the conversion, setting a first period score of 7-6.

The Tiger kickoff squad showed its stuff at the end of the first quarter when they snagged Warrior Split End Jerome Weatherby on the d'Iberville eight yard line.

Russell scrambled up the middle for another apparent Warrior TD, but a face mask penalty blew the play.

d'Iberville hammered down field in the second quarter using the short pass intermittently with a fairly consistent running game to make their second TD with six minutes and 55 seconds left in the first half.

But Tiger defenders stormed through Warrior lines to sack d'Iberville Running Back James Evans in a fake kick attempt for conversion points.

The first controversial penalty came when

Palmisano intercepted a Warrior pass and was cited with pass interference.

d'Iberville took advantage of the dubious call and Evans scored with 37 seconds left in the game.

A successfully executed reverse play got the conversion points for the Warriors, upping the score to 14-6.

The Tigers then began a passing game, but Warrior Split Back Russell Stapp intercepted a Seymour pass and ran to the Bay High one yard line.

With two seconds left in the first half Gehrman rifled a short pass to Weatherby, who was wide open, for d'Iberville's final touchdown.

Hoglen booted the PAT setting the first half score of 28-6.

Halftime activities featured on-field musical performances by the bands of both schools.

Bay High came back in the second half with a successful on-side kick recovered by Hargett on the Tiger 44 yard line.

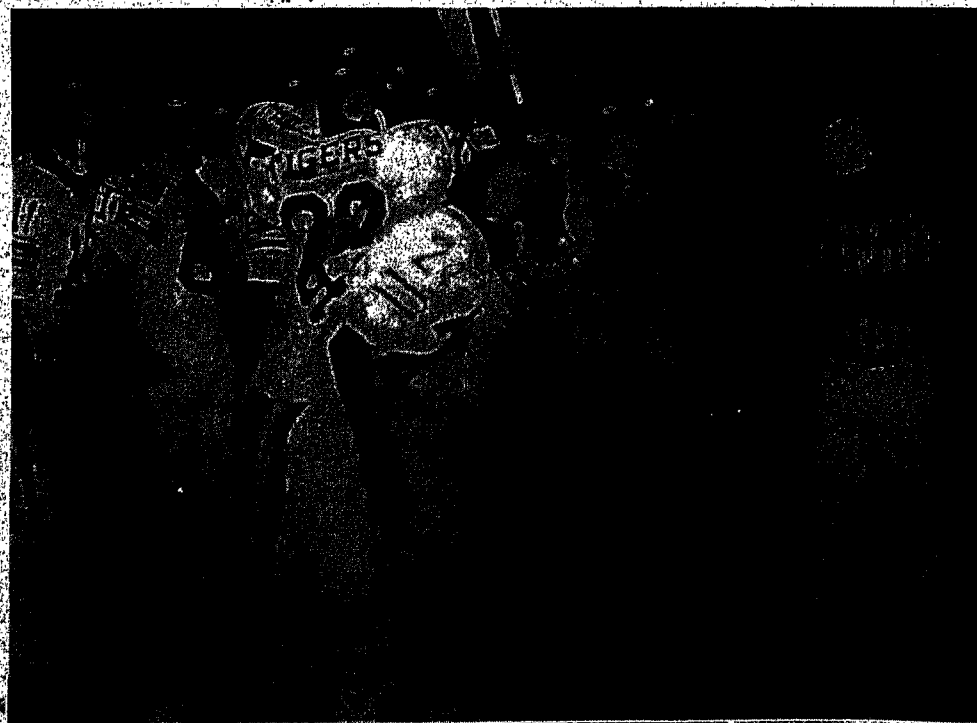

But Bay High's drive was thwarted by the two other questionable penalties.

Holding and offensive interference calls enraged Tiger fans, players and coaches.

Smith repeatedly called for justification of the decisions, but referees ignored his requests.

The Warriors gained ball possession and drove to Bay High's 38 yard line, but in a fourth and three inches situation the Tiger defense stonewalled d'Iberville's

# Pirate win evens season

By EDGAR PEREZ  
MONTICELLO—Pass Christian's Pirates ventured some 150 miles into the hinterlands of Lawrence County Friday night to avenge a 1979 defeat at the hands of Monticello's Red Devils.

The Devils' home grounds were a far cry from Dante's Inferno with a biting chill of fall in the air that had spectators abandoning the short sleeved attire for the first time this football season and reaching instead for jackets and sweaters.

But the Pirates had no trouble working up a sweat in their efforts to stay ahead in a squeaker which ended with Pass on top of a 12-6 tally.

Led by an outstanding effort both offensively and defensively by 210-pound senior fullback Perry Halton, the Pirates managed to keep their heads above the horizon in this rolling hill country along the Pearl River, even though their sea legs seemed a bit shaky most of the evening.

Halton shared the Pirate scoring honors with quarterback Bryan Charlot, and the 12 points mounted by the pair were enough to give their team an even season so far with two wins and two losses.

Monticello took the opening kickoff, but was forced to punt after three tries by the solid Pirate defense which is credited with saving the

evening for the West Second Street gang.

Pirate flanker Danny Brown bobbled a punt return on Pass' first offensive ball handle, and appeared to set up a Devil score early in the contest.

But a threatening Red Devil jaunt to the Pirate 10 was called back by the officials, and the Pass defense continued to hold the country boys in check.

With Pass in possession, tailback Oscar Bailey broke away at his own 50 and danced to the Devil's 35.

The Pirates picked up a first down at the 15 and another at the 5 before Charlot ran up a

Ex-point Jolly Roger from the three.

A point-after attempt was no good with four minutes left in the first quarter.

In the next Pirate offensive effort, Halton moved like a Mack truck on a 37 yard run to the Monticello three, but the scramble was canceled by an illegal procedure call against his colleagues.

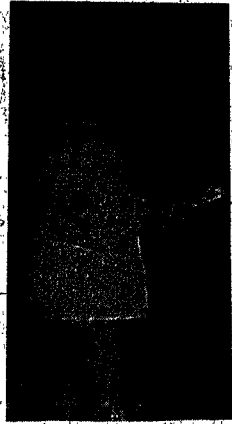

Three-quarters of the way through the second quarter, a Pirate snap to punter Darrell Hayden went over his head and the Devils recovered on the Pirate 40.

A personal foul call against the Pirates put the ball on the 15.

Devil quarterback Mike Davis rifled a screen pass to Arthur Bridges at the goal line, and Bridges fell into the end zone to tie the score.

Pirate defenders swarmed over the Devils to frustrate a try for point-after.

The Pirates again drove to the Monticello 20 but were

unable to punch the ball over before running out of plays with one minute left in the first half.

The clock ran out on the Devils, leaving it anybody's ballgame at the half, 6-6.

"We're still not taking advantage of our opportunities to score," Pirate coach Bob Lumpkin said in a Saturday assessment of the victory.

"We ran all up and down the field on those people but just couldn't punch the ball over," he added.

"We've got to work on concentration and avoid these mental mistakes," Lumpkin feels.

Halton scored his touchdown on the first play of the fourth quarter with a 14 yard gallop into paydirt.

An attempted two point conversion failed.

The Devils managed another drive deep into Pirate territory mid-way through the fourth quarter, but that

pounding Pirate defense knocked the ball loose to end the threat.

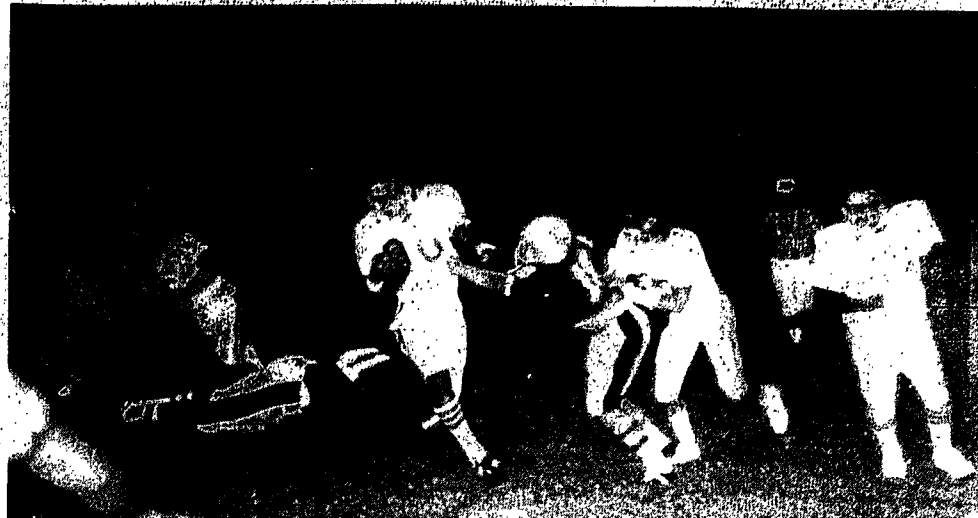

Injured Pirate Quarterback Rusty Reed who served as statistician Friday reports 238 yards rushing for the Pirates as opposed to only 133 for the Devils to substantiate Lumpkin's observance, "we ran the ball all up and down the field."

The Pirate's scored 16 first downs to six for Monticello who bested the Pirates in the air, however, with 69 yards to only 35 for the Pass.

Pass completed two passes, missed 11 with none intercepted; Monticello's passes went 3-13-1.

Four Pirate punts averaged 32 yards while Monticello booted seven for 36 yards each.

Only three calls, although costly, were made against the Pirates by the officials for a total loss of 45 yards, according to Reed's figures. Monticello suffered a 90-

yardage effort. Seymour came back with a passing attack which brought Bay High to the Warrior 33 yard line.

But, on a quarterback

keeper Seymour fumbled the ball to d'Iberville defenders. The Warriors hammered down field to Bay High's 33 yard line where Gehrman was sacked by Tiger defen-

sivemen. Bay High began a rushing and passing drive at the end of the third quarter, but the drive ended when Seymour was sacked on the d'Iberville 37 yard line.

The Warriors regained ball possession at the beginning of the fourth quarter, but couldn't fight out of their own territory. Bay High regained ball possession and scored with a little more than five minutes left in the game when Seymour threw a screen pass to Palmisano in a first and 10 situation on their own 38 yard line.

The Tigers upped the score to 14-23 when Split End Tim Marshall scampered in for the conversion. The teams battled for yardage in the remained minutes of the game, but failed to score.

Smith said after the game, "d'Iberville got points on the board early and we had to play catch-up ball."

"Defensively we let them hurt us to much on the trap and they hurt us in the first half," he added.

"I felt we won the football game except for points. I compliment the effort of our kids tonight," the coach

stated. "Last week we played together and we're growing in confidence. We don't have a lot of experience, but I think we're progressing," Smith noted.

d'Iberville Head Coach Buddy Singleton said, "Bay High did pretty good in the second half. They got a break."

"But I think we got about 300 yards to Bay High's 100," Singleton added. "Our best running back wasn't 100 percent, but he scored two TD's on one good leg," he reported.

"We trapped inside and made some good runs. We had the opportunity to score in the second half, but we blew it," the Warrior coach explained.

"I thought we played sloppy in the second half and I thought Bay High did a good job. Bay High is a young ball club and they have some young kids," he stated.

"Hargett's got some good speed," Singleton added. Game statistics show d'Iberville gained 15 first downs to the Tiger's six. The Warriors rushed 235 yards to Bay High's 40. d'Iberville passed 131 yards to the Tigers 67. The Warriors completed

seven of fifteen passes and threw one interception. The Tigers completed six of 12 passes with no interceptions. Bay High punted twice for a 33-yard average. The Warriors punted five times for a 26-yard average. d'Iberville fumbled once and lost the ball. The Tigers fumbled three times and lost the ball once. The Warriors lost 100 yards in 10 penalties. Bay High lost 46 yards in five penalties.

### NOTICE TO BIDDERS

The Board of Education of the Hancock County School District will accept sealed bids until 9:00 A.M., Saturday, October 13, 1990 at which time or shortly thereafter shall be opened and awarded for the use and removal of clay, sand, gravel and fill dirt located on Sixteenth Section lands. The bid shall include the following information: The quarter section (location) of interest, approximate number of cubic yards to be removed, the type of soil, clay, sand or gravel to be removed. The bid will be awarded to the highest and best bidder by the cubic yard track measure provided such bid is not less than the regular market price of such materials.

The contractor to whom the bid is awarded shall, upon conclusion of the removal of said materials, let the land in a state of condition that would tend to deface the property, such as standing dirt mounds, or litter. Any trees to be removed shall be marked by the County Forester prior to their removal by the contractor. The removal of said trees shall be considered damage and the school district shall be compensated an amount equal to the current fair market value of the removed or damaged timber.

The Board of Education shall determine the terms of payment to the School District for the removal of said material and the method to determine the amount of material so removed from the premises by written agreement.

The above mentioned materials are located on the following parcels:

## Home Owners and Builders Know Best

The average monthly energy bill for all the energy used in James Blair's 2,200 square feet home is \$31.63.

"When I retired from the military, I built my home for comfort. Mississippi Power showed me how E3 energy efficient specifications can be built into just about any style or design.

"I couldn't be happier. Last year my total energy bill averaged only \$31.63 a month."

Col. James Blair (Ret.)  
Shubuta, Mississippi

James Blair's experience proves two important things about E3 homes:  
Energy efficient construction does save the home owner significant energy and money.  
A home can be any size, distinctive in design, suit any individual taste and easily meet E3 standards.  
Before you build or buy call Mississippi Power for the facts on E3 homes.

## Necaise, Favre plan October 11 wedding

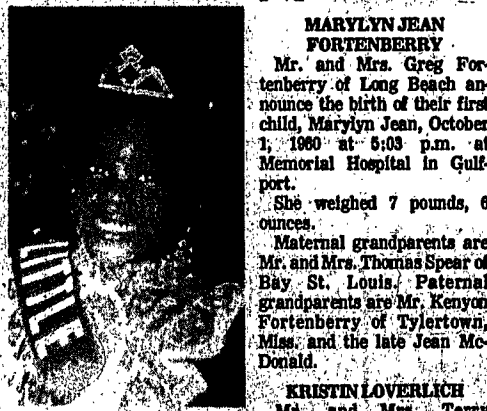

MISS CHARLENE MARIE NECAISE

Mr. and Mrs. Roland, employed with U.M.C. Inc. Necaise of Bay St. Louis announce the engagement and forthcoming marriage of their daughter, Charlene Marie, to Kim Patrick Favre, son of Mr. and Mrs. Milton J. Favre Sr. of Bay St. Louis.

The bride-elect is a graduate of Bay Senior High School.

The prospective groom is also a graduate of Bay Senior High School. He is presently

**PAGEANT WINNER**—Sharon Monnet Bradley, daughter of Mr. and Mrs. Willie E. Bradley Jr. of Bay St. Louis, won the title of "Little Miss AKA 1988" Sunday, September 21 in Biloxi. She was presented a check for her scholarship fund, trophy and roses on her crowning. The event was sponsored by the Theta Zeta Omega Chapter of Alpha Kappa Alpha Sorority, Inc. with proceeds going to their local scholarship fund. Miss Bradley is the granddaughter of Mrs. Jesuita Wilson of Bay St. Louis and the great-granddaughter of Mrs. Mamie Oja of Columbia.

## Cain, Schubert exchange vows

Waveland Civic Center was the setting for the August 30 wedding of Debra Ann Schubert and Thomas Bruce Cain, both of Bay St. Louis.

The bride is the daughter of Mr. and Mrs. Lloyd Schubert Sr. of Bay St. Louis. The groom's parents are Mr. and Mrs. Thomas Cain also of Bay St. Louis.

Justice Court Judge Bruce Necaise performed the afternoon ceremony.

Given in marriage by her father, the bride wore a formal gown of white rayon fashioned with an overlay of pin pleat lace and featuring a scoop neckline. Her veil of bridal illusion was held in place by a Juliet cap. She

carried a nosegay of blue and white silk roses and baby's breath outlined in lace and interspersed with pearls and ribbon streamers.

Linda Ladnier of Bay St. Louis attended her sister as matron of honor.

Bridesmaids were Tina Peterson of Waveland and Lishia Bailey of Bay St. Louis.

They were identically attired in formal gowns of light blue chiffon. The carried sprays of silk rosebuds with light blue satin streamers.

Jimmy Craig of Hattiesburg was best man.

Groomsmen were Lloyd Schubert Jr., brother of the bride, and Allen Froulx of Bay St. Louis.

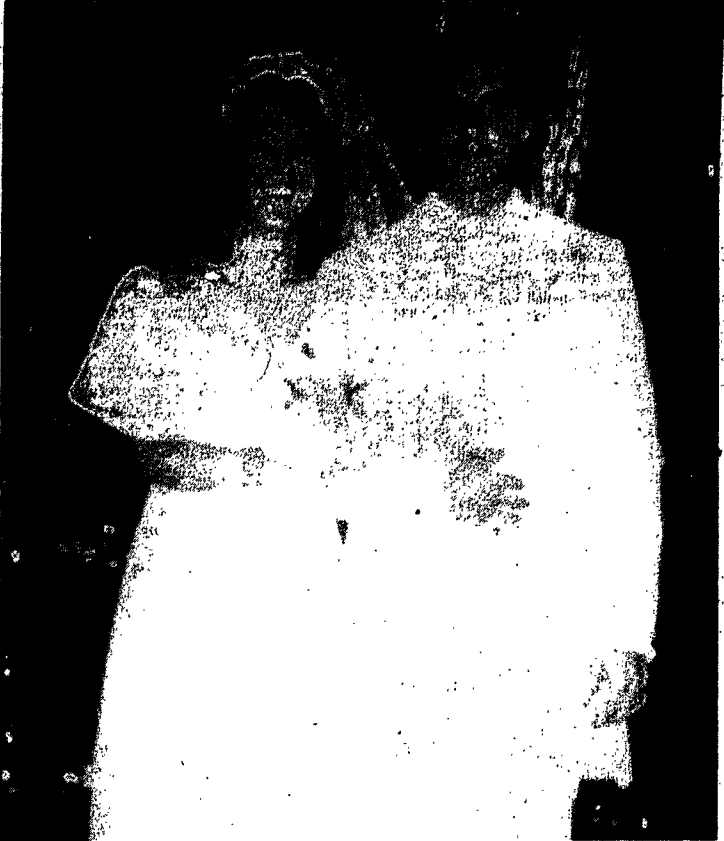

Ushers were Matt Craig of Hattiesburg and Lloyd Schubert Jr.

A reception followed at the Civic Center.

The bride's mother greeted guests wearing a rose hued polyester street length dress trimmed in white and fashioned with accordion pleats. The mother of the groom chose for the occasion a tan formal gown.

For travelling the bride chose a purple silk sundress with matching floral jacket and pink rose corsage.

On return from a three week wedding trip to Walt Disney World in Orlando, Fla. and Oakley, Ca., the couple will reside in Waveland.

## Lutheran ceremony unites Alexander, Linebarger

Miss Lisa Karen Linebarger and Kirk Phillip Alexander were wed in a candlelight ceremony on Saturday, August 2 at 7 p.m. at the Lutheran Church of the Pines in Waveland.

Pastor John Helmers of Waveland and Judge Anthony T. Farese of Ashland officiated the double ring ceremony.

Mrs. John Deffes of Pass Christian presented a program of nuptial music and accompanied Mrs. Lowrey S. Griffin of Memphis who sang the theme from "The Rose."

Eric Marks, brother of the groom, served as acolyte for the ceremony.

Given in Marriage by her father, Thomas R. Linebarger, the bride wore a formal gown of silk organza over sate peau. The empire bodice featured a Queen Anne neckline overlaid with pearl embroidered Alencon lace. The long tapered sleeves had ruffled edges of Brussels lace.

Appliques of jeweled Alencon lace drifted down the front and back of the softly flowing skirt. Double rows of Alencon and Brussels lace bordered the skirt and formed a chapel length train. She carried a cascade of yellow roses,

daisies, and stephanotis interspersed with baby's breath and English ivy.

Maid of honor was the bride's sister, Cathy Duncan of Ripley, Miss. She wore a yellow gown of Qiana featuring a scoop neckline and fitted waist overlaid with a matching chiffon capelet. She carried an arrangement of daisies, stephanotis, and English ivy on a lace fan.

Brian Alexander, brother of the groom, was the best man. Ricky Favre served as the usher for the wedding.

For her daughter's wedding, Mrs. Linebarger chose a dress of aqua blue Qiana. Mrs. Marks, mother of the groom, wore a teal blue dress. Their corsages were silk orchids.

A champagne reception was held in the reception hall of the church. Mrs. Charles Hirsutius and Miss Sherrie Strong, both of Bay St. Louis, served the three-tiered cake which was decorated with yellow rosebuds and topped with yellow roses.

The groom's cake was appropriately decorated with a white anchor and was served by Miss Lauren Burns of Waveland, Ricky Favre and Charles Hirsutius, also of Bay St. Louis, served punch and champagne.

Mr. and Mrs. Alexander reside in Pensacola, Fla. where he attends the Cryptologic Communications Academy at the Naval Technical Training Center of Corry Station.

Mrs. Charming issued the following statement on her return from Chicago:

"The convention was attended by 500 of General Pershing's Yankees and 1,000 of their wives and widows. The average age of these soldiers who fought the 'war to end all wars' is 66 years.

"They are the 'forgotten soldiers' who came home with a ticket to their home and \$50 mustering out pay. They marched to Washington after 15

years of pleading for assistance but were met with fire hoses and guns. Far different to the reception received by marchers today. These veterans decided during the years following World War II that their sons would not suffer the same fate so they started to work to get the GI Bills through Congress.

"Today many of the Congressmen and Senators in Washington are recipients of college educations provided by these bills but refuse to pass a bill allowing the veterans of World War I a pension of \$150 per month. The organization of Veterans of World War One, Inc. and its auxiliary are mandated to continue trying to get this pension, and correct this injustice."

## St. Monica Guild slates annual rummage sale

By JOE PILET Mrs. Theo Moore, past president of St. Monica Guild, Women of Trinity Episcopal Church in Pass Christian, reviewed the Biblical Book of Job recently in the Beach Boulevard home of Mrs. A.M. Dantzer.

Mrs. Moore was introduced by Mrs. J. Randolph Buck, program chairman at the group's first meeting of the season.

Mrs. John Frith, president, heard reports given by several committee chairmen. The group approved a motion to donate \$100 toward a redecoration project in the large house at Gray Center near Canton.

Plans were formulated for the annual fund-raising rummage sale scheduled for Nov. 7 and 8 with Mrs. Buck serving as the over-all chairperson.

Mrs. Nunez (Joe) Pilet was named publicity chairman for the event.

Mrs. Herman deVries of 740 West Beach, Pass Christian will store donations for the sale at her home. Clean sized garments in good condition are needed. In addition to individual contributions, several large department stores automatically donate garments and other items to this project.

All items not sold during the sale are given where there is a need or sent to Goodwill Industries.

Mrs. Avery Katz, a newcomer to the Gulf Coast, was welcomed as a member, as well as Mrs. Phillip Pugh.

Co-hostesses serving with Mrs. Dantzer were Mmes. Marvin Mingledorff and Mrs. Robert Stewart.

State Commander E. C. Buckley and Mrs. Buckley and State President Myrtle Page, all of Pascagoula.

## Clermont Harbor country singer cuts first record

By WAYNE DUCOMB JR.  
A Clermont Harbor woman recently recorded her first record which is being released to several radio stations nationwide.

Marilyn Raye, known locally as Marilyn Ray Thornton, recorded two country music songs titled "If Tears Were Pennies" and "Searching."

Her single is being distributed to some 200 radio stations located in Mississippi, Louisiana, Texas, Alabama, Tennessee, Illinois, New York and Florida.

"Searching" was written by fiddle player and song writer M.M. "Peewee" Maddox some 20 years ago and has been included in the Country Music Hall of Fame in Nashville.

Maddox composed tunes for country music greats such as Kitty Wells and Jimmy Dean.

Raye recorded her debut record at B.J. Johnson's studio in Piquette.

Maddox personally directed Raye's recording session where she was accompanied by Lakeshore steel guitarist Tommy Moran who is a member of the Moe Bandy Band.

The Clermont Harbor singer began her professional career as vocalist some three years with a local band named "The Roustabouts."

Since then, she has performed with several local groups and now regularly performs with the "Country Classics" in local nightclubs. Although Raye maintains a busy schedule with professional appearances, she also lends her talents to local benefits and civic groups, and she recently appeared in the Waveland Player's production of "Those Were The Days."

She is the daughter of Mr. and Mrs. Harold Garcia, owners and operators of Harold and Lillian's Lounge in Clermont Harbor; wife of James Thornton; and mother of two children, James Ray and Melissa Jane.

Raye says she plans to release another record and an album soon in addition to making a local tour to promote her recent release.

BUYING FIRST RECORD—Mayor Larry Bennett of Bay St. Louis purchases the first album by Marilyn Raye, a country music singer known locally as Marilyn Ray Thornton of Clermont Harbor. Raye recently recorded her record in Piquette which is being released to some 200 radio stations in several states. (Staff photo by Wayne Ducomb Jr.)

## Diamondhead News

Betty and Paul Cutler both suffered injuries in separate accidents. We all wish them a speedy and complete recovery.

The DLGA's Trophy Day tourney went to Earline Russo as overall winner.

Gloria Forstall won A Flight, Corinne Ladner was runner-up, and Marge Price had low puts. Eura Watson won B Flight, Sylvia Pross second and Char Hanson had low puts.

C Flight went to Connie Carter, Marge Pflugfelder runner-up and Nev Fellman had low puts.

Eura Watson hosted the Swinging Sew-N-Sew Circle with 19 eager beavers in attendance, even Joan Finerty with a broken leg.

The DMGA's Sunday Scramble went to the pro team Darrell and Sylvia Pross.

The Jim Hoskins were all alone in second place. The Al Doussans tied with the Salvatores for third. The Harold Fuchs and the John Bakers tied for fifth. The tourney was followed by a friendship hour.

Sign up early for the Oktoberfest MGA Mixed Scrambles October 10 and 11 and the feast at the Country Club on Friday, October 10. Many new realtors and contractors offices and buildings are opened or under construction as new homes sales accelerate. In Diamondhead, The DH corporation (Now Purcell) is making every effort to improve our community.

Cherrie, Russell, Stackhouse and Hoskins won the DMGA's Wednesday tourney.

Cliff Russell won A flight, Figueroa second and Golding third. Bagert won B Flight, Stackhouse second with Barnett and Boudreaux tied for third. Harrie Devine won C Flight with Aulander and Steel tied for third.

DH players brought back the power from the Mississippi Seniors at Laurel CC. Louie Gatipon and Bert Wattigney won then Bert and wife Doris teamed up for a win and then Doris won the Bongo prize. Nice going kids!

Marion and George Killasch have returned after an extended trip through the West and by boat to Alaska, seeing sights all along the way.

They stopped off in Aptos, California to visit Louise and George Smith, who were one time residents of DH.

Jane and Bob Tonner are home after a month cruise on the Queen Two. They ran into some bad weather on their return trip, part of a hurricane.

that went out to sea. They were not hurt, although some on board were.

Our Executive Chef Bill Vrazel and his wife have had a recent addition to their family, their fifth, a little girl named Theresa Louise.

The Fireman's Ball was not quite as successful as in the past. Those who attended were treated to good food and good music. Those who did not attend missed a good party.

Betty and Paul Cutler have recently become grandparents for the first time. They had planned to visit him soon, but Paul had a mis-hap on his motor-bike.

You bridge addicts will be interested in this spectacular hand that was held by Dot Rickson at our regular Wednesday morning bridge - eleven hearts, one outside ace, singleton King and a void. Obviously she and her partner got to a Grand Slam and was

made. Lynn and Ted Godard had a fabulous summer touring such places as first to Amsterdam, a cruise on the Rhine which took them to Rotterdam and Strasbourg.

Next stop was in Germany where they took a train to Zurich, Switzerland, which she told me was just beautiful - over to England, Wales and Saudi Arabia and home.

The big parties are beginning - Betty and Jack Boudreaux, Millie and Saul Rubin, Laura and Vince Almerico jointly entertained at the Yacht Club.

Jay Heltman furnished the music at a great party.

The Jim Dills of Ellison Bay Wisconsin inform me that they are kept informed of our DH news by the Claggett here of DH who send on to them clippings of the news from the Sea Coast Echo.

### Brookhaven Jr. Auxiliary hosts antique show and sale

Brookhaven Junior Auxiliary will host the 15th Annual Antique Show-Sale and Country Store October 24, 25, and 26 at the National Guard Armory on Hwy. 51 in Brookhaven.

The hours are 10 a.m. to 6 p.m. Friday and Saturday and 12 noon to 5 p.m. Sunday.

Thirteen dealers will attend this year's show. They are Barker's Country Antiques, Baton Rouge, La.; Calico Cat Antiques, Lafayette, La.; Clark's Antiques, Lauderdale, Ms.; Copper Kettle Antiques, Thibodaux, La.; Elizabeth Brooks Antiques, Memphis, Tenn.; Frispiery, Pensacola, Fla.; J. ## There's an Answer!

Ex-husband lives it up  
Q. My ex-husband is living openly with my brother's former wife. I have had to move in with my mother while he builds an expensive house and buys two new trucks. Why does God let people like them expose my children to pornography, to hurt and destroy so many people? And it seems everything they touch turns to money. I have never been a bad person. I try very hard to be a good mother and bring the boys up in a Christian home. But I am very bitter and have a lot of hate toward these two people. I don't want to become this kind of person, but it is almost unbearable to live in the same town with them. Which way to turn?  
A. It is a fact that often those

by Norman Vincent Peale and Ruth Stafford Peale

who flout moral laws and decency nevertheless prosper. But it is also a fact that such prosperity is tenuous and the end is unhappiness.  
Bitterness or hate is never the way to react. It only corrodes your soul and causes you to think and react in error. Conduct yourself as a normal and good woman. Accept what you must and hold positive thoughts about your future. This is the way to become the kind of person you want to be.  
We are sending you our booklet *What To Do When*, which has helped others who face problems such as yours. Anyone wishing a free copy may write to us at Box 500, Pawling, N.Y. 12564.

**REVIVAL**—Rev. Harry Barge, pastor of Lee's Chapel No. One Baptist Church in Carriere, will serve as evangelist for a revival at 7 p.m. each night Sunday through Wednesday at Central Baptist Church on US-90 in Bay St. Louis next to Schuffert Pontiac dealership. Central Pastor Rev. John Loden said a nursery will be open during services. He extends an open invitation to the event.

## Bay Baptist couple volunteers for Israeli missionary position

By GRACE GIBSON

"Because we love Jesus Christ and people" is the reason given by Marie and Thomas Dewitt Thompson for volunteering to serve as missionaries in Tel Aviv, Israel.

Members of First Baptist Church in Bay St. Louis, the Thompsons offered their service in the spring of 1980 and will leave October 6 for a one-year tour of service. Thompson's official title in the camp for English-

speaking people will be Director of Food Services, but his duties, and Marie's, will include much more since their experiences qualify them to work in many areas.

Ordained as a Baptist minister in Louisiana in 1965,

Thompson has pastored churches in Louisiana and California; has served as associate chaplain in a boys' camp and as chaplain in convalescent homes; began two missions in New Orleans; operated a construction camp for the military in the Panama Canal Zone during World War II, housing and feeding approximately 5000 laborers at a time; served as a cook in the U. S. Air Force for two years and as chaplain of the Labache's Teaching Association for several years.

He also has extensive knowledge and experience in auto mechanics, having been assistant service manager for a Chevrolet dealer in New Orleans for about 16 years.

During all this time, Mrs. Thompson has taught Sunday School classes from nursery through senior adults and has assisted Dewitt whenever possible.

Both of them taught English as a second language in Baptist and Catholic schools in California, using the Labache Method.

Married 40 years next April, the Thompsons have five children besides an adopted son and have been foster parents to 38 other youngsters.

Steven, their youngest son a 13, will remain with Mrs. Thompson's sister in Bay St. Louis while his parents are in Israel.

The couple expect to affiliate with a church their first Sunday in Tel Aviv and also expect to learn and use some Hebrew, the national language of Israel.

The only electric appliances the Thompsons may take with them are an electric blanket, an iron, and a razor. But they do plan to take their camera and plenty of film.

When asked if they weren't worried about going to Israel with all the troubles currently being experienced in that part of the world right now, they replied that they will be "just as close to Heaven over there as over here," and that "The Lord will look after us in either place."

## TIPS ON USING BAKING SODA TO SAVE TIME & MONEY

### BAKING SODA BEAUTY

Multi-use products, such as Arm & Hammer Baking Soda, can substitute for many expensive, specialized beauty products.

• Add ½ cup or more of Arm & Hammer Baking Soda to bath water. It leaves skin smooth, soft and clean. Sprinkle baking soda on a damp washcloth to scrub flaky skin from feet, knees and elbows. Baking soda in the bath also helps to soothe and comfort tired aching muscles and minor skin irritations—sunburn, windburn, prickly heat, insect bites and rashes.

"I think you'll be amazed at the way it not only cleanses, but soothes and refreshes tired skin."

• An Arm & Hammer Baking Soda facial scrub gives skin a radiant glow. Mix 3 parts baking soda with 1 part water and massage skin in a gentle, circular motion.

• Many dentists recommend Arm & Hammer Baking Soda as an effective dentifrice. After brushing, sweeten and freshen breath with a baking soda gargle of 1 teaspoon baking soda dissolved in ½ glass of warm water.

For more baking soda ideas, send a long, self-addressed stamped envelope to:

**MISSIONARIES FOR ISRAEL**—Rev. and Mrs. Thomas Dewitt Thompson of Bay St. Louis are going to Tel Aviv, Israel as missionaries. The couple will be going for one year and Rev. Thompson will serve as a dietitian at a camp for English speaking people. The Thompsons are members of the First Baptist Church, Bay St. Louis. (Staff photo-Ellis Cuevas)

**LINDSEY PLAZA**  
Lindsey Emily Piazza, infant daughter of Mr. and Mrs. Charles M. Piazza of Waveland, was baptized by Monsignor John Scanlon, pastor of St. Clare's Catholic Church in Waveland, Sunday, Sept. 21, following the 11 a.m. Mass.  
Godparents are a maternal aunt, Mrs. Gabe (Erlaine) Favre and paternal uncle, Sam Piazza, both of Jackson.

Later in the afternoon, the paternal grandparents, Mr. and Mrs. C.J. Piazza of Waveland, entertained at a reception at the home of Lindsey's great aunts, Misses Cecile, Evelyn and Mary Margaret Turcotte.  
Lindsey Emily is the granddaughter of Mr. and Mrs. Herman Yarbrough of Waveland.

**KRISTIN LOVERLICH**  
Kristin Leigh Loverlich, infant daughter of Mr. and Mrs. Terry Loverlich of New Orleans, was recently baptized at the Resurrection of Our Lord Church in New Orleans.  
Godparents are a paternal uncle, John Loverlich and a maternal aunt, Patricia Sager.

Lindsey Emily was attired in a handmade christening outfit that has been worn by three generations of children in the family of the late Mr. and Mrs. Walter F. Turcotte Sr. of which Lindsey Emily is the eighth great-granddaughter.
